

# AWARDS CATEGORIES

## **Best Use of Labels**

This award will go to the structure that uses labels to articulate its design.

## **Best Meal**

Take a look at your dinner plate. Do you see the variety of food? That's what this award is about. This award will go to the structure that is comprised of products that could make a nutritious and complete meal (protein, vegetable, fruit).

## **Structural Ingenuity**

How did they get that to stand? When you stop to think about it, it just makes you scratch your head in amazement. This award will go to the structure that best utilizes engineering and architectural principles to overcome design challenges.

## **Best Original Design**

This award will go to the structure with the most uniquely creative design. Maybe it's a scene from your favorite movie or book. Maybe it's specific to RIFA and our mission. Creativity is king in this category.

## **Most Cans**

How many cans do you think they used to make that? One thousand? Five thousand and thirty-two? This award will go to the structure that is comprised of the most cans.

## **Spotlight Award**

This award will go to the top structure from a nonprofit, school, or church team.

## **Best of Show - Top Award of the Night**

This winner of the coveted *Best in Show* award is chosen from Best Use of Labels, Best Meal, Structural Ingenuity, Best Original Design, Most Cans, or Spotlight Award.

## **People's Choice**

Sponsored by Hiller Plumbing, Heating, Cooling & Electrical, this award will go to the structure receiving the most votes by the general public. Cast your votes while you can!

## **Honorable Mention**

This award will go to the structure that is worthy of mention.
